January 2017

## President's Message

*by Kevin Smith*

### **WELCOME TO 2017**

Hello everyone, and welcome to a brand-new year. I do hope that everyone had a great holiday season and all your thoughts and wishes have come true.

With the new year also brings change. I would like to thank the new incoming board. With this board, we will be working to have great events and great field trips. We will also be having many fund raisers to help build our club and will able to do more events.

Let's introduce your new board. Vice President Mr. Armando Pedroza, Second Vice President Mrs. Marjorie Bush, Treasure Mr. Don Warthen, Federation Director Mrs. Loretta Ogeden, Secretary Mrs. Teri Heuer, Director Mrs. Beth Smith, Director Mr. Matt Pedroza, Director Ms. Janine Arp, Director Mr. Alan Heuer, Director Mrs. Ofelia Warthen.

Our new board will be working very hard to make the **NORTH ORANGE COUNTY GEM AND MINERAL SOCIETY** the very best it can be. We have many challenges ahead of us and with the entire club working together we can literally move mountains. This is also a big challenge I know this and I would like to invite each one of our members to come to the meetings, get involved in this fantastic club. By coming to the meetings, you learn more about this thing we call rock collecting, jewelry making, and much, much more.

Our next general meeting will be on January 11<sup>th</sup> 2017 followed by our board meeting on January 18<sup>th</sup> 2017. This board meeting will be an open board meeting so that anyone who wishes to see what we

## CFMS/AFMS 2016 “All American Club” Award Program

---

Ofelia Warthen, a member of our club, has been appointed to Chair the CFMS/AFMS 2016 “All American Club” award program. She finds this program very challenging but most rewarding for each Society that participates.

The All American Club Award, is given to the individual club Yearbook that highlights a club’s activities for the past year. This award program is also a way to show off all you have done and a great way to document your club’s activities and history.

Our members can archive their history as a lasting memory and a guideline for the next generation of leaders. Our NOC Society has submitted and won six times in past years. We have a committee assigned to enter 2016 award program.

An Application Form for contest year 2016 can be downloaded from the AFMS web site ([www.amfed.org](http://www.amfed.org)). It’s in both pdf and Word. It is also pages 12 to 15.

OR see the entry form at the end of this newsletter.

We have a committee assigned to enter 2016 award program. So get on board.

The deadline for entry is **APRIL 1, 2017**, so let us now begin now to plan our entry.

Ofelia Warthen

## Dues are Due

---

It’s that time of the year again. Dues are due.

You can mail your dues to Don Warthen at  
15455 Tetley, Hacienda Heights, CA 91745  
Or you can mail them to: N O C, P. O. Box 653,  
La Habra, CA 90631

Or you bring them to the meeting.

Single \_\_\_\_\_ \$20.00

Couple living at the same address: \_\_\_\_\_ \$30.00

Future Rockhounds (under 18) \_\_\_\_\_ \$ 8.00

If you’re not sure what you owe, please check with  
Don Warthen

We must pay dues to the California Federation of Mineralogical Societies (CFMS) on the first of the year. We are required to pay \$2.00 for CFMS dues and \$6.00 for Insurance per person, that means we pay \$8.00 per person (Adults, Children and Life Members). So we only get to keep \$12.00 per individual and \$14.00 per couple and nothing for children. This has to cover our operating expenses for the year.

Please pay your dues ASAP.  
Don Warthen, Treasurer

## Board of Equalization Meeting

---

*by Don Warthen*

Last month Ofelia and I attended a one day workshop by the Board of Equalization for Nonprofit and Exempt Organizations in Irwindale. (We were the only ones that attended from the club.) This is the second one that we have attended this year, the other was at Cal State Fullerton.

The agenda for this meeting was Sales & Use Tax for Nonprofits, Compliance for Exempt Organizations by the Franchise Tax Board, Regulations of Charities & Professional Fundraisers by the Dept. of Justice, and list goes on and on.

The day was filled with many great educational opportunities. Anyone interested in working within the system of Nonprofits should be attending these workshops. These seminars are Free and I submit them to the news Bulletin. I also send out emails to everyone in the Club.

One of the many subjects that they covered was criteria how and where to apply for Government & Private Grants as well as those from Established Foundations.

## How Hard is this rock I working with?

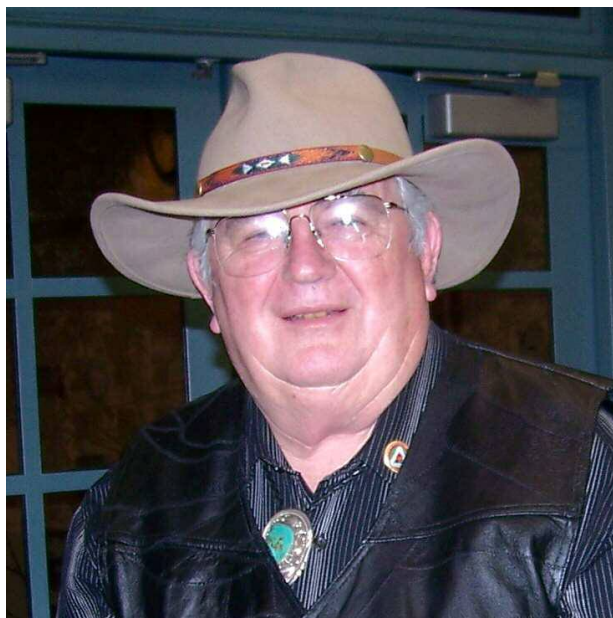

By Don Warthen

When you get involved in the Rock Hounding Hobby you hear a lot about the hardness of a stone and what is chart called “The Mohs Scale of Hardness”?

The “Mohs Scale” was developed in 1822 by *Frederich Mohs*. Mr. *Mohs* wanted to determine which minerals were harder than others. He did this by scratching one mineral with another, the stone, or mineral that scratched the other would be the hardest, he then assigned a number to each according to their hardness, 1 being the softest or Talc and 10 being the hardest or Diamond. Please note that some minerals have a range of hardness depending on a lot of factors such as orientation of the mineral structure (*c-axis* v *a-axis*) & impurities in the matrix, it should also be noted that while all Diamonds are considered a 10 that Natural Diamonds (octahedral) are harder than man made Diamonds (synthetic or Cube Faces).

The question still remains. when I am working with my rocks how do I know which are the harder rocks, or anything else? I have prepared a list of some common items that illustrates their relative hardness.

<u>Hardness (Mohs)</u>	<u>Item Name</u>
<u>1</u>	<u>Talc</u>
<u>1-2</u>	<u>Graphite</u>
<u>1½</u>	<u>Tin</u>
<u>2</u>	<u>Gypsum</u>
<u>2½</u>	<u>Gold &amp; Silver</u>
<u>2½-3</u>	<u>Copper</u>
<u>4</u>	<u>Fluorite</u>
<u>4-7</u>	<u>Glass</u>
<u>5-5½</u>	<u>Obsidian</u>
<u>5-6</u>	<u>Turquoise, Hematite &amp; Lapis</u>
<u>5½-6 1/5</u>	<u>Opal</u>
<u>6-6½</u>	<u>Sunstone (Feldspar Group)</u>
<u>6½-7</u>	<u>Jasper, Agate &amp; Tanzanite (Zoisite)</u>
<u>6½-7½</u>	<u>Garnet Group</u>
<u>7</u>	<u>Peridot</u>
<u>7</u>	<u>Quartz (Amethyst, Citrine, Tiger’s Eye, etc.)</u>
<u>7½</u>	<u>Zircon</u>
<u>7½-8</u>	<u>Beryl (Emerald, Aquamarine, Goshonite, etc.)</u>
<u>7½-8</u>	<u>Spinel</u>
<u>8</u>	<u>Topaz</u>

**CFMS Field Trip South Collecting Trip  
Lavic Siding near Barstow, CA  
January 23, 2017**

This trip is open to all Rockhounds who agree to abide by the AFMS Code of Ethics, the directions of the field trip leader and practice safe rock hounding.

Call the field trip leader beforehand for further information. Remember to sign in and out with the field trip leader

A Consent and Assumption of Risk Waiver of Liability form must be signed upon arrival at meeting site.

WHEN: Saturday January 21st at 8:00 AM

WHERE: Lavic Siding

MATERIAL: We will be collecting Agates and Jaspers.

MEET: Note correction: Hector Rd off **I-40** on the south side for orientation and sign in. Waiver of liability will be signed at the meeting spot. From the meeting spot we will caravan for about 20 minutes to collecting site. Contact field trip leader for additional information.

VEHICLES: We will be traveling thru a sandy wash so 4X4 is a must. Gas and food are available in Barstow.

WHAT TO BRING: Collecting bags/buckets, rock hammer, digging equipment, safety glasses and spray bottles, First Aid kit. Bring lunch, plenty of water and a camera; this widespread field offers no shade so use sun screen and protect yourself.

If you would like to stay for the weekend, this general area offers a wide variety of material so bring your rock collecting guides.

NOTE: This is the heart of the Mojave Desert and the weather can be unpredictable at this time of year so dress accordingly.

This trip may be canceled at the last minute due to bad weather, so please feel free to contact us the night before if weather is questionable.

Treat the desert with respect - tread lightly and pack it in / pack it out.

**For more info contact Field Trip Leaders.**

Dear CFMS Societies,  
Please read this article by Mark Nelson/Safety Chairmen regarding Internet thieves attacking societies. This article will be in the Feb CFMS Newsletter, but the EC felt it was important enough to send it to you NOW, so you are aware of it as we enter the new year.

**Happy New Year!**  
**Lapidary Societies Attacked By Internet Thieves**

by *Mark Nelson, Safety Committee Chair*

In the past two months it has been reported to me that lapidary societies across the country are being targeted by thieves. The thieves seek those societies who have a web presence, look at the web site to identify the president and treasurer and initiate false emails seeking to steal society funds. Here is how they do this:

The thieves study the society's web site to identify the society president and treasurer and their email accounts. Then they craft an email which masks the senders email, but lists the Sender (the society president) by name. The email is directed to the society treasurer, mentions the treasurer by name, and directs the treasurer to send money to an individual or business in a hurry.

One theft attempt went like this:

From: (President's name)

To: (Treasurer's email)

Subject: Need check for vendor

Message: (Treasurer's name), "Please send a check in the amount of \$420 to this Vendor today....." - giving a name and address of a supposed vendor.

In this case, the treasurer did not recognize the vendor's name. She called the president and questioned why the president would request a check which had not been approved by the board and which required two signatures to process. The president had no idea that the scheme had been hatched, and the plot was foiled.

In another instance the thieves sent an email to the treasurer of a lapidary society in just the same way. The email requested that a check in the amount of \$980 be sent to a business at an address in another state. The email had the name of the president in the Sender's box and the email of the treasurer in the

"To" box. The treasurer responded, asking what the amount was for. The reply, supposedly from the president, was that it was for graphic design services that he authorized and insisted that the check should be sent immediately and by express mail. A fake invoice was included in the reply email. The treasurer rushed the check to the post office. Later that same day the treasurer realized that the email that showed in the reply to the "president" was different than she had seen before in previous email exchanges with the society president. She called the president and, upon learning that the request was a scam, was able to stop payment on the check and reported it to her local police department.

This shows that a group or groups of thieves are targeting lapidary clubs - probably other groups, as well. It is not difficult for thieves to put a name in the email Sender box that is designed to gain our confidence. We've seen this with emails from banks, internet providers and even the IRS. Now we know that they are targeting lapidary societies. We should forward this example to our treasurers, presidents and boards of directors - and everyone who is or who might sign on our bank accounts now or in the future - and make sure that the proper financial safeguards are in place:

\$ Be sure that a treasurer knows who is making the request for payment. In most email providers such as AOL, if you click on the name of the person sending the email an email address will appear.

\$ Immediately question any payment to a person or business who is unfamiliar to the treasurer.

\$ Make sure that all requests for payments are accompanied by an invoice that can be verified.

\$ Verify that the expense requested by the email is covered by the budget and is from a known vendor (expected) or has previous specific board approval.

\$ Have all checks signed by two of the top elected executives who should also ask these questions.

\$ When in doubt, pick up the phone and talk to the person requesting the check.

If you have an example to report, please email the details to me so that the CFMS can be aware of it. You need not list your society, but give us the federation you belong to - if other than the California Federation.
